

TURNING THE BIG 3

BLOG POST

PRE-SCHOOL SWIMMING LESSONS

Turning three is a big milestone in your child's life as they start kindergarten and begin learning in a new environment.

As they begin to learn new life skills in their classroom, this is a good age for them to start learning new life skills in the pool as well. From blowing bubbles to confident kicking,

Dean Greenwood swim school offers swimming lessons for preschool aged children across **Massey, Kelston, New Windsor, and Mount Eden**, introducing children to life skills at a young age.

Learning through play

When it comes to teaching preschoolers, we know that they like to have fun, which is why our well-trained staff use a range of games and activities to introduce your child to a range of water skills.

Each teacher puts their thinking caps on when they plan their lessons, using toys and equipment in creative ways to make learning fun for kids.

All abilities accepted

Whether your preschooler has been a waterbaby since birth or has never been in a pool before, there is a place for them to learn and grow at Dean Greenwood Swim School.
